

Spring Dynamical Systems Session
Faculty of Mathematics and Computer Science
Friday, April 13, 2018
<http://www.etds.im.uj.edu.pl/springsession/>

Friday, April 13, Room 1016

- 9:00– 9:45 Marielle Simon *Standard and anomalous diffusion of energy in chains of coupled oscillators*
- 10:00–10:45 Michele Triestino *Smoothing singular group actions on manifolds*
- 10:45–11:15 *Coffee break*
- 11:15–12:00 Alejandro Passeggi *The Franks-Misiurewicz conjecture: context and recent advances*
- 12:15–13:00 Safoura Zadeh *Isomorphisms between the left uniform compactification of locally compact groups*
